TENDER 15th INTERNATIONAL SCULPTURE WORKSHOP 2021

An integral part of cultural life in the Nebelschütz community not far from the large district town of Kamenz since 2006: the international sculpture workshop in the »Am Krabatstein« quarry near Miltitz. Regional, national and international artists work here for two weeks every year in late summer in the incomparable landscape - the Krabatstein quarry. Water, permaculture - garden and wild nature characterize the gem of "Steinleicht e.V."

In 14 creative sculpting days so far, impressive sculptures made of granite, sandstone, wood but also metal have been created.

For the summer of 2021, artists from Germany and abroad can apply to participate in the 15th International Sculpture Workshop at Krabatstein - Miltitz Quarry.

The focus of the two-week symposium is on the one hand the naturally occurring granite at the location, but also wood and metal or combinations of the three materials as well as light and sound installations. Artists are called upon to apply for participation in the symposium with a meaningful sketch of their ideas, the concept of which is to be implemented in these 14 days of sculpture workshop. The two-week symposium begins on August 16, 2021 and ends on August 29, 2021 with a finissage. The materials granite (max. H = 1,200 mm x W = 1,200 mm x D = 600 mm, metal (no restrictions) and wood max. H = 2,000 mm) are provided. The dimensions required for the project idea, especially in the case of granite, must be registered. Required tools are to be brought by the participant. On request and if available, certain tools can be borrowed from the organizer. Granite sculptors who implement their project in granite or in combination with granite are given a high-quality large and small cutting disc.

The artist receives a fee of € 1,000.00, which includes travel expenses.

The artist can spend the night in their own tent (a tent can also be rented under certain circumstances), in a caravan or in a car, if necessary, in a very simple collective accommodation in the quarry (up to 6 people). Sanitary facilities and hot showers are available.

We provide full board free of charge.

All sculptures created within the scope of the sculpture workshop are the property of the organizer; if they are sold, the artist receives 40% of the sales proceeds. The remaining 60% will be used for the preparation and implementation of the upcoming sculpture symposia. The symposium and the art objects created are documented.

The application must include:

- Meaningful sketch of the idea for implementation during the symposium, and the material
- an informal cover letter with all contact details (name, address, e-mail, telephone),
- a curriculum vitae in tabular form, showing artistic qualities and commitment

makes it clear

- a documentation of more recent work stating the title, the Year of origin, the original dimensions, the materials used

The complete application must be received by email by May 31, 2021.
Please use the following email address: mail@steinleicht.de

Alternatively, please send the documents to the following address:

Organizer & project management of the 15th sculpture workshop 2021

Steinleicht e.V., Hauptstraße 9, 01920 Nebelschütz (please note: applications sent by post will only be returned with the enclosed self-addressed envelope)

Please only in urgent cases! Mobile: +49 160 766 9239

The decision of the jury on participation in the International Sculpture Workshop will be communicated to the applicants by June 30, 2021 and a binding contract containing rights and obligations will be concluded.

Documents received later or incomplete cannot be taken into account in the selection process and will result in exclusion.

Venue

At the Krabatstein - Miltitz quarry between Kamenz and Panschwitz-Kuckau on the S94 / S100.

You can find more information at <https://steinleicht.de>

We are very keen to take all COVID-19 relevant conditions into account, this year we unfortunately have to consider a very short-term cancellation as possible in the event of an official ban under exclusion of liability.
